

## Getting Out Of Debt

Debt brings pressure

I am addressing anyone who is in debt and wants out, but especially to those who are in debt and see no way out.

There are always logistical decisions and repositioning such as:

1. At a peaceful time talk with your spouse about your debt.
2. Get some counseling, Pr. 11:14 15-22
3. If you don't have a budget, make one.
4. When paying of bills, typically start with the smallest.

That was the natural way to look at it, this is the supernatural way to look at it: Spiritually lets take stock of our environment and the conditions that effect us.

1. John 3:5 Born twice
2. Matt 7:9-11 Heavenly Father
3. Eph 1:20 2:6 Two kingdoms  
Heb 11:13-16
4. II Cor 4:18 Look at what is invisible
5. II Cor 5:4 Real life swallows us up
6. Though we eat, sleep and go to work, we live by a different set of principles
  - A. More blessed to give
  - B. Though you scatter, you receive
  - C. Heavenly Father gives us council
  - D. Angles ministers to us
  - E. He multiplied fish and bread
  - F. Coin out of a fishes mouth
